

Quick Chart: Reappointment, Promotion & Tenure Process

Educational Leadership Stream (Instructor I, Senior Instructor, Professor of Teaching)

At any time you can request an early, non-periodic review for promotion from your Head. These requests can be made to clarify expectations, deal with questions about the process and/or departmental requirements, discuss any difficulties or simply to check on your progress.

If you have any problems that are not being addressed at the Departmental level, your Faculty Association can help. Call or email us to schedule an appointment.
